Ref. Approved LTL carriers for **Inbound and Outbound**

Dear Supplier:

FN manufacturing has contracted the following LTL carriers to be our collect service providers. In an effort to reduce cost and heighten security at our facility, FNMI has decided to limit the number of carriers that deliver to our facility. Our carrier decision was based on best value and area coverage.

TRUCKING FREIGHT COMPANIES

TELEPHONE numbers

ABF Freight Systems

800-654-6223

CON-way Freight

800-755-2728 or 803-791-1975

UPS Freight

800-333-7400

Wilson Trucking (regional)

800-354-8390 or 803-951-3888

Saia Inc (used for Florida freight only example : AOC)

770-232-4051

If your company has any problems with any of these carriers please contact me or the buyer that you do business with and please make us aware of any issues.

If your buyer has noted on your purchase order that freight is DESTINATION - FREIGHT COLLECT you must use one of the approved carriers listed or UPS. On each purchase order, the buyer has noted FOB and Ship Via.

Please do not change how your buyer has asked you to ship your goods. Please ask your buyer first if they want you to change and to whom. Some carriers listed are better long haul carriers and some are short haul carriers.

This change does not effect the UPS shipments. UPS is still our prime carrier for packages. We wish to continue to use UPS when it is cost effective. This change is for shipments that are over 100-150 pounds and able to be trucked.

Sincerely,

Cathy Miller
Senior Buyer
